GREAT FORTUNES AND ROMANCES

Love and Titles With Immense Estates Acquired by Mining.

HISTORY OF COLONIAL MEXICO

The colonial period of Mexico is a romance today and the wonderful fortunes made in mines is a great part of that romantic period which reads like stories of the Arabian Nights. That period abounds in the names of numerous persons who won millions from the mines and many of them were decorated with titles. There was a Duke of Batopilas in those days, and the wealth that brought the title came from the silver mines at Batopilas, Chihuahua.

In the state of Guanajuato, and the mining district of the same name, Antonio Obregon, the principal owner of the famous Valencia mine, derived therefrom an enormous fortune, and took the title of the Count of Valencia, conferred upon him by the King of Spain. From this mine, \$225,935,736 were taken out only between the years 1760 to 1826. Jose Sardaneta, one of the owners of the Rayas mine, was made Marquis Rayas, and Francisco Matias Busto, another owner of the same mine, became Marquis of San Clemente, Viscount Duarte. Colonel Diego Ruiz, owner of the Cata and Mellado mines, became Count of Ruiz, and the owner of the La Luz mine, Madame Marie Ruiz, mother of the colonel, was created Countess of Perez Galvez.

In Zacatecas, Juan Moncada, owner of the Uruia mine, became Marquis of Jara de Berry and Count of San Mateo Valparaiso. In the state of Zacatecas and Guerrero, the Frenchman, Joseph Laborde, known generally by the name of Jose Borda, drew from the Quebrada, Tanco and La Borda mines, \$50,000,000. In the Sombrerete district of Zacatecas, Pagaosa, derived from several bonanzas of the Pabellon and Veta Negra mines \$74,000,000, and was created Marquis del Apartado. Francisco Urdiola made a great fortune from the Albaradon mine, and became Marquis of Agaveo. In San Luis Potosi, Gordoa became Marquis of Malpaso.

At the mining place of Pachuca, Hidalgo, Pedro Terreros, a simple miner, received, owing to a bonanza at the Vicentina mine, \$15,000,000, and bought the title of Count of Regu. In Jalisco, Vivanco Pangoza owed his title of Marquis of Vivanco to the Belano mine. In Durango, Zambrano derived from the Candelaria mine \$80,000,000, and paid \$11,000,000 as a king's fifth to the King of Spain. In the same state, Juan Carrascosa drew from Topila a vast fortune. In Guerrero, the Count of Contramina owed his great fortune and his title to the Tepantitlan mine. In Chihuahua, Angel Bustamante took out two bonanzas from the Pastora mine, and was created Marquis of Batopilas. In Coahuila, Jesus Salado derived a large fortune from the Matehuapila mine, and became Count of Matehuapila and Marquis of Guadiana.

In Sinaloa, Luis Portillo acquired, through the Panuco mine, the title of Marquis of Panuco.

MARKET LETTER

Special Correspondence.
Kansas City, Mo., Oct. 23.—Cattle receipts were 93,000 last week, including 12,000 calves, heaviest this year at Kansas City. Prices were generally fair till Friday, when buyers began to weaken, account of their strenuous efforts during the week, and nearly all kinds closed 10 to 15 cents lower. Desirable western stockers and feeders held nearly steady, but the supply ran more to tail ends last week, a sign of the near approach of the end of the season for range cattle. Cow market was strong middle of the week, but eased off at the close. Run today is 26,000, and this will be another big week, but it is generally believed that the run will slack up next week, and drop off sharply the week following. Market is steady today on stockers and feeders, kill cattle week to 10 cents lower, calves strong. Best range killing steers sell at \$3.25 to \$3.75, stockers and feeders about the same figures, cows \$2.25 to \$2.50, with heavy mountain cows \$2.25 to \$2.30, exceptions at \$2.00 to \$2.25. Choice veals bring \$5.00 to \$6.25, heavy calves \$3.25 to \$4.25. It is no trouble to sell the good cattle at satisfactory price, but common and trashy stuff is disposed of with more or less disappointment to shippers. Sheep supplies are falling off rapidly. Supply last week 27,000 head.

SENATOR BEVERIDGE STRIKES KEY NOTE

Able Letter From This Brilliant Supporter of Joint Statehood.

TO MAYOR GIBSON OF SANTA FE

Indianapolis, Ind., Oct. 19, 1905.
My Dear Mr. Gibson,
I have your letter of October 16th and congratulate you most heartily upon the stand you have taken. You have endorsed a great cause when you have put yourself down in favor of the creation of the great new state made of New Mexico and Arizona. It is a state of which you will be very proud and of which every man, woman and child in the new state, from the day it is created and as long as the republic endures, will be proud. When we remember that an attempt was made to divide California into two states and was defeated by the farseeing wisdom of Henry Clay, we can see how impossible it will be to believe fifty years from now that anybody ever opposed the reunion of New Mexico and Arizona and their admission as a single magnificent commonwealth.

Texas is much larger than the proposed new state of Arizona and has the right to divide into five smaller states. And yet the public man who would propose the division of the Lone Star state would be driven from its borders. In this great new state taxes will be lower, public institutions better and your importance in the councils of the nation greater; and this new state will take from the very start from the American people the largest part of the commonwealth. It is refreshing to us, who are fighting for this great cause for no other consideration in the world but the patriotism and statesmanship involved in the measure, to know that there are those in the territories who are supporting us and holding up our hands. From the very start we have been opposed by all the selfish, local and financial "interests," and to be made aware that the people themselves are being converted to this great measure, which is devised solely in the interests of the people, is a source of great encouragement to us. Very sincerely,
ALBERT J. BEVERIDGE.

Full of Tragic Meaning
are these lines from J. H. Simmons, of Casey, Ia.: "Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: 'I had a fearful cough, which disturbed my night's rest. I tried everything, but nothing relieved it. Until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which completely cured me.' Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At all druggists; guaranteed; 50c and \$1.00. Trial bottle free.

A specific for blind, bleeding, itching and protruding piles. Stops the pain instantly and cures permanently. Get the genuine. Sold by all druggists.

CONTAGIOUS BLOOD POISON

KING OF ALL DISEASES

To Contagious Blood Poison rightfully belongs the name King of all Diseases. It is the most powerful of all human ailments—corrupting every part of the body and wrecking and ruining the lives of those unfortunate enough to contract it. When the first sign appears in the form of an insignificant sore or ulcer, few persons realize that the deadly virus has entered the blood; but so potent is the poison that one drop will vitiate and pollute the purest and healthiest blood, and in a short time the degrading and horrible symptoms begin to appear. The mouth and throat ulcerate, the glands in the neck and groins swell, the hair and eye-brows fall out, copper-colored spots appear on the body, and in the latter stages of the disease the poison even works down and destroys the bones. No other disease is so highly contagious, and many have contracted it and suffered its awful consequences through a friendly hand-shake, handling the clothing of one afflicted with it, or drinking from the same vessel. S. S. S., The King of Blood Purifiers, is the only cure for Contagious Blood Poison. It goes down into the circulation and forces out every particle of the virus. It is nature's antidote for this peculiar poison, and cures the disease in all its stages, and cures it permanently. S. S. S. does not hide or cover up any of the poison to break out in future years, but so completely eradicates it from the blood that no signs are ever seen again. S. S. S. is purely vegetable, we offer \$1,000 for proof that it contains a particle of mineral of any kind. Book with instructions for home treatment and any medical advice you desire will be furnished by our physicians without charge.

TERRITORIAL TOPICS

CHARGED WITH THE LARCENY OF A COLT.

Sheriff Kendall returned to Hillsboro from Cook's Peak with Herndon Wallace, who is charged with the larceny of a colt. Wallace had a preliminary hearing before Judge Keil at Lake Valley and was bound over in the sum of \$500 for his appearance at the next term of court. Wallace expects to furnish the required bond in a day or two.

SOCORRO PEOPLE AT PALOMAS SPRINGS.

Messrs. H. M. Dougherty, John Greenwald and P. N. Yunker, of Socorro, started for Palomas hot springs, where they will spend the next few days in rest and recreation. The list of Socorro representatives at that fashionable resort is now quite large, and when they return home they will not have to make oath to having had a good time.

HOME LEAGUE FOR ORPHAN CHILDREN.

Jay M. Lind, president of the Home League of America, with headquarters at Denver, was in Springer on his regular annual tour in behalf of the institution of which he is the founder, says the Stockman. The work of the league is the care of orphan children. It is non-sectarian, and gains its support from charitable people. It reaches entirely over New Mexico, and should have the support of everybody. Mr. Lind is a pleasant gentleman and a good man for non-other would engage in the class of work he does.

SHIPMENTS HEAVY FROM THE ESTANCIA VALLEY.

During the last week a large number of sheep have been taken out of the valley for feeding points, after which they will be sent to eastern markets, says the Estancia News. As one buyer puts it, the range has been in such splendid condition that the lambs need very little feeding before they are ready for market. Sylvester Bros., of Monte Vista, Colo., W. J. Hapney, of Alamosa, Colo., Louis Trauer, of Albuquerque, are among the buyers. About eighty car loads of the fleecy animals were taken north this week.

MANY SHEEP READY TO BE DIPPED.

Inspector Tom Gray informs the Clayton Enterprise that there is about 50,000 sheep, old ewes and lambs, around Clayton, ready to be dipped and turned over to buyers, and the average price to producers is about \$2 per head. Frank Mostas made the best sale ever made in Union county, disposing of his entire lamb crop at \$2.40 per head, 7 per cent being cut back. There has been bunches topped that brought more money, but considering the small percentage of cutbacks, the Enterprise is informed that it was the best sale ever made in the county.

IRRIGATION BY PUMP SYSTEM TO BE TESTED.

C. B. Allaire, of the firm of Allaire, Miera & company, of San Antonio, was in town on business, says the Socorro Chief. Mr. Allaire is preparing to test the plan of irrigation by pumping on a farm of his near San Antonio. He has a well down seventy feet, and expects to pump water enough to irrigate 300 acres. The fuel used will be wood cut in clearing the farm, and there will be enough of it to last three or four years. This method of irrigation will sooner or later become common in this part of the Rio Grande valley, and every experiment which helps to perfect the method should be carefully observed.

WAS AT ESTANCIA LOOKING FOR HIS WIFE.

Julius Meyer, member of the mounted police force of New Mexico, was down the first days of the week, after an absence of several months. During the time that he has been away, his wife became weary of waiting for him to return, and moved to Albuquerque. Mr. Meyer is thinking of calling out the whole force of rangers to assist him in locating his family, unless he is successful soon. Mr. Meyer has not been located permanently yet as a ranger, but expects to have a home soon. It will probably be in the eastern part of the territory. We would be glad to have him back among us, but will loan him to some other part of the territory, if they are worse than we are.—Estancia News.

SPORTING...

...BREVITIES

Battling Nelson has received an offer of \$2,000 a week to go to England. As he will probably accept, the chances of getting him in the ring seem to meet Belt; again are not flattering.

Jimmy Gardner offers to meet Nelson at 133 pounds, weight, at 3 o'clock in the afternoon, in Goldfield. A purse of \$25,000 has been hung up for the fight there during the holidays.

That was a nice clean up Dominick O'Malley had on his filly, Rose Rose, at the Jamaica race track the other day. He touched the books for \$72,000, forcing the price from 3 to 1 to 6 to 5. J. A. Drake has the record for taking down the biggest individual bet of the year previous to O'Malley's plunge. Drake won \$42,000 on Grapolo at his first start under his colors at Belmont Park, Oct. 24.

Cincinnati has given birth to a pipe story to the effect that two major base ball leagues may be candidates into one major organization. It's a fine story, and seems to be lacking only in foundation in fact.

The New York Giants will train at Memphis next year, as McGraw likes the salubrious climate of sunny Tennessee. Toledo has secured Pitcher Dorris, Catcher Abbott and infielder as the Philadelphia Nationals. President Grillo is losing no time trying to strengthen his team for next season.

A story comes from New York to the effect that Christy Mathewson has been offered \$5,000 for a ten-week engagement to go on the stage, and that he is inclined to think favorably of the offer. He would probably appear in a base ball suit in which he could demonstrate how he throws some of his wonderful curves.

Because John T. Brush refused to allow Christy Mathewson to accompany the all-star base ball team that Joe Cantillon was to take to the coast this winter, the trip has been called off. Wagner, of Pittsburgh, had backed out of going, and there was little chance to get Keeler and Lajoie to go along.

Barry Hermann, of the Cincinnati Reds, is angling for Roger Bresnahan, the mainstay behind the bat for the New York Giants. The deal is said to be about closed, but the terms are a dark secret.

FOOT BALL TERM.

"A Field Goal."

Willie Hoppe, the boy billiardist, comes back at Slosson, who had refused to meet him in a billiard match because he thought it wouldn't pay, with an offer to increase the side bet to any amount Slosson may dictate. Hoppe intimates that Slosson is afraid to meet him. Slosson retorts that Hoppe's showing against Schaefer is not to be taken as a correct index as to the player's real ability. John F. Ryan has completed arrangements to build a race track in the outskirts of Montreal, to cost \$275,000. The opening meeting will be held next fall.

Jack McGuigan, manager of the National A. C. of Philadelphia, has offered Terry McGovern and Young Corbett a guaranteed purse of \$7,000 for a six round contest. Corbett accepted at once, but Terry is holding off in hope of meeting Battling Nelson before the same club.

Those gentle Parisians will have the opportunity this month to witness the limit of freak matches. An expert in the art of savate—French method of foot fighting—will meet a master of jiu jitsu. The articles of agreement permit everything except biting and gouging. The Frenchman will do his utmost to kick the jiu jitsu exponent's head off, while the jiu jitsu expert will endeavor to break the bone in the Frenchman's body.
